We are well into our planning procedures for our next school year. We had a very informative and productive meetings last Friday evening with a great group of involved parents. We were able to listen to the heart of each parent, staff and board member in attendance. Thank you all for coming together to help plan for the vision and future of Lifegate.

In the coming weeks we will continue to build momentum towards this new direction for Lifegate.

If you haven't had a chance to be heard, it's not too late. We are still asking parents to log into their Ren-Web account and fill out the school wide parent survey. This survey will be used to help us gain a clear idea of what we need to be focusing on and what we need to improve. Your insight is extremely important to us as we continue to gather information for review. Please do this today.

We are at the point where we need firm conformation as to how many students and what grades we need to be making plans for. We need to know how many students we can count on before we can continue with class scheduling, staffing and calendar of events.

Our re-enrollment (to current students) opened Feb 5th and each family received paperwork at that time. However only a very small handful of enrollments have come back.

Open enrollment (general public and international students) starts March 1st

We have heard from many families, both new and current who say "yes we're coming" but now is the time when we must have those numbers clearly defined.

It is extremely important that if your plans are to enroll at Lifegate next year that you register your student as soon as possible.

If you have questions or concerns please don't hesitate to call either Linda or myself.

Blessing to all,
Mrs. Wickwire
